Resurrection: we don't labour in vain

1 Corinthians 15:35-58

Intro: is there any reliable hope in the face of death?

So far: Yes, Jesus proved resurrection is actual, factual reality 15.1-34

Objection! How can dead people rise?! What kind of body??? 15.35

1. A different body... exactly like the creator's style 15.36-41

In biology	<i>dead and buried seeds</i>	God gives plants radically different body
In physiology	<i>different creatures</i>	} God gives bodies differing splendour
In cosmology	<i>different realms</i>	
In astronomy	<i>different stars</i>	

2. A better body... exactly like we need 15.42-44

3. A certain body... just like history and Scripture show 15.49-57

➔ So working for for the Lord in this (spare) life is worth it 15.58
